Dale,

We are searching our assessor information to locate these properties. It would be very helpful if you could provide parcel numbers or section, township, range, or other locational data.

Thank you,

Jeff Trembly, RG

Jeff,

Rubin Khan of MRK Investments should be included as an owner that is irrigating agricultural land.

His brother, Festus Khan also has irrigated lands.

They both have substantial investment into their properties and are opposed to the INA.
