JJ Farms, owns farm land (parcel numbers 304-33-002, 303-04-027) in San Simon, Arizona and (parcel number 302-45-004) in Bowie, Arizona. When I purchased this property I had every intention to farm this land. There is an incredible amount of prep work that has to be done in order to get this ready to plant. I have spent a lot of my hard earned money and much effort on this property and would lose a large investment if you were to pass the INA. I am requesting that you do not pass this INA as it will cause a financial hardship, I will lose a large amount of hard earned money along with my dream of farming.

Sincerely,

John Singh
