Good morning Tom, Natalie & Staff,

On behalf of GCSAA, I just wanted to thank you all for working with the Cactus & Pine GCSA and the Arizona Golf Alliance on the 5<sup>th</sup> Management Plan. Having been part of the majority of the meetings that have been held over the past year, I know this has been a back and forth process and has required patience on both sides. However, due to that patience, I think we have come up with a plan that can be workable for both ADWR and the golf industry and I support the most recent version of the plan that was presented at the Aug. 17 meeting.

We thank you and your staff for supporting our industry during what is an incredibly difficult time concerning the management and conservation of water in the Southwest United States, particularly Arizona. We look forward to our continued involvement with ADWR moving forward. I hope you all have a great week!

Sincerely,

**Jeff Jensen** | Field Staff, Southwest Region
