#### II. STEPS FOR PROCESSING YOUR APPLICATION AND OBTAINING APPROVAL

Before filing your application, the Department encourages you to contact Department personnel indicated at the end of these guidelines to discuss the application process and review criteria. If you wish, a meeting may be scheduled to facilitate this process. To assist you in understanding the substantive requirements for this application, a copy of A.R.S. § 45-1603 is provided for your information.

It is imperative that you complete the application form in its entirety. An incomplete or incorrect application may result in a delay in processing your application. Please send the application to the address indicated on the form along with any required fees and supporting documentation. The Department suggests that you retain a copy of all documents that are submitted for review.

#### III. TIME FRAMES FOR REVIEW OF YOUR APPLICATION

Within 75 days after receipt of your application, the Department will determine whether your application should be granted or denied, unless this time is extended as described below. In processing your application, the Department will first determine whether the application is administratively complete (administrative completeness review) and then whether the application meets the substantive criteria established by statute or rule (substantive review). Each of these reviews will be completed within the times stated below. The time for the administrative completeness review plus the time for the substantive review is referred to as the overall time frame.

## **A. Administrative Completeness Review Time Frame**

Within 15 days after receipt of your application, the Department will determine whether your application is complete and will issue a written notice of administrative completeness or deficiencies. After your application is complete, the Department will proceed with substantive review.

If the Department sends you a Notice of Deficiency, the Department will include a comprehensive list of specific deficiencies. Until the missing information is received, both the administrative completeness review and the overall time frame will be suspended. When the Department receives the missing information, the administrative completeness review and overall time frame will resume. Your application will not be complete until all of the requested information is received. If you do not supply the missing information within 60 days, the Department may deem your application withdrawn.

## **B. Substantive Review Time Frame**

Within 60 days after the application is complete, the Department will review your application to determine whether it meets the substantive criteria required by statute or rule. By mutual written agreement between you and the Department, the time for substantive review may be extended by up to 18 days. In cases where a hearing is necessary prior to a decision, the substantive review time frame will be increased by 120 days.

During the substantive review, the Department may make one written request for additional information. You may also agree in writing to allow the Department to submit supplemental requests for additional information. If additional information is requested by the Department, both the substantive review and overall time frame will be suspended. When the additional information is received, the substantive review and overall time frame will resume.

At the end of the Department's substantive review, the Department will send you a written notice either granting or denying your application. If your application is denied, the notice will include the justification for the denial and an explanation of your right to appeal the denial.
