

ARIZONA DEPARTMENT OF WATER RESOURCES
PETITION TO ESTABLISH A SERVICE AREA RIGHT IN THE
DOUGLAS AMA

The initial fee for the Petition to Establish of a New Service Area Right in the Douglas AMA is \$1,000. Total fees for this application are based upon an hourly billable rate, which can be found on the ADWR web site @www.azwater.gov. If the costs of reviewing your application exceed \$1,000, you will be invoiced for the difference, up to a maximum total fee of \$10,000. Payment may be made by cash, check, or credit card (if you wish to pay by credit card, please contact the Active Management Areas at 602-771-8585). Checks should be made payable to the Arizona Department of Water Resources. In addition to the hourly application fee, the applicant must pay any review-related costs associated with the application and the actual cost of mailing or publishing any legal notice of the application or any notice of a pre-decision administrative hearing on the application. Review-related costs are: (1) costs associated with a pre-decision hearing on the application, such as court reporter services and facility rentals for the hearing, and (2) mileage expenses for a site visit conducted before issuing a decision on the application. Failure to enclose the initial application fee will cause the application to be returned. Fees for the Final Petition to Establish a New Service Area Right are authorized by A.R.S. § 45-113 and A.A.C. R12-15-103.

SERVICE AREA BOUNDARY AND OPERATING DISTRIBUTION SYSTEM MAP

Pursuant to A.R.S. §45-498 each city, town, private water company and irrigation district in an active management area shall maintain a current map clearly delineating its service area and distribution system in the director’s office and shall furnish such other related data as the director may require.

Please attach a map of the service area and operating distribution system or submit ArcGIS files to earp@azwater.gov. Your service area boundary is an area delineated as a 660 foot buffer around the exterior of your water lines. Your operating distribution system includes your water lines, wells, storage tanks, water treatment facilities, and related infrastructure used to treat and distribute water to your customers.

I certify that the above water used by _____ during the aforementioned period was used with the intent to develop a service area.

NOTICE

A.R.S. § 41-1030(B), (D), (E) and (F) provide as follows:

B. An agency shall not base a licensing decision in whole or in part on a licensing requirement or condition that is not specifically authorized by statute, rule or state tribal gaming compact. A general grant of authority in statute does not constitute a basis for imposing a licensing requirement or condition unless a rule is made pursuant to that general grant of authority that specifically authorizes the requirement or condition.

D. This section may be enforced in a private civil action and relief may be awarded against the state. The court may award reasonable attorney fees, damages and all fees associated with the license application to a party that prevails in an action against the state for a violation of this section.

E. A state employee may not intentionally or knowingly violate this section. A violation of this section is cause for disciplinary action or dismissal pursuant to the agency’s adopted personnel policy.

F. This section does not abrogate the immunity provided by section 12-820.01 or 12-820.02.
