ARIZONA DEPARTMENT OF WATER RESOURCES
BEFORE THE DIRECTOR

IN THE MATTER OF THE PROPOSED MANAGEMENT PLAN FOR THE DOUGLAS ACTIVE MANAGEMENT AREA FOR THE FIRST MANAGEMENT PERIOD, 2027-2037	))))))	**ORDER ISSUING PROPOSED MANAGEMENT PLAN**

Thomas Buschatzke, Director of the Arizona Department of Water Resources ("Director") hereby issues, pursuant to Arizona Revised Statutes, sections 45-569 and 45-570, the attached document as the Proposed Management Plan for the Douglas Active Management Area for the First Management Period, 2027-2037 ("Proposed First Management Plan"). The Proposed First Management Plan describes the following information for the Douglas Active Management Area: hydrology, supply and demand, recharge and recovery, conservation programs for the Agricultural, Municipal, and Industrial sectors, implementation and compliance, and water strategy.

The Director proposes to adopt the Proposed First Management Plan, with any modifications made in response to public comments, as the management plan for the First Management Period.

DATED this 2nd day of October 2024.

Thomas Buschatzke, Director
Arizona Department of Water Resources
