**Re: 2025 CAGR D Plan of Operation**

Dear Director Buschatzke,

The Arizona Municipal Water Users Association (AMWUA) recognizes that the Central Arizona Groundwater Replenishment District (CAGR D) plays a pivotal role in the Assured Water Supply Program, particularly in helping water providers obtain and maintain Designations of Assured Water Supply through Member Service Area enrollment. This role will take on even greater importance as some providers secure Designations under the recently adopted Alternative Pathway to Designation Rules. Therefore, CAGR D's 2025 Plan of Operation is an important statutory requirement to ensure CAGR D does fulfill its vital mission.

We commend the Central Arizona Water Conservation District Board of Directors and CAGR D staff for compiling a solid Plan of Operation that soberly acknowledges the challenges CAGR D's portfolio will face over the next ten years. We support your approval of the 2025 CAGR D Plan of Operation.

Sincerely,

A handwritten signature in black ink that reads "Warren Tenney". The signature is written in a cursive style with a large, prominent "W" and "T".

Warren Tenney  
Executive Director
