On December 2, 2024, ADWR gave a presentation to the Governor’s Water Policy Council where it announced that it would initiate an informal stakeholder process to guide the development of potential new rules creating an Assured Water Supply “Ag-to-Urban” program. ADWR has created a new webpage where stakeholders can find more on coming informal stakeholder meetings, past meetings, and other relevant information. That webpage is available at this link: <https://www.azwater.gov/how-doI/find-info-on/ag-to-urban>

In the event of any technical malfunction with the video teleconference system, the meeting will not be delayed or postponed. The public should consider this possibility in deciding whether to attend in person or by video conference.

If, because of a disability, you need a reasonable accommodation to participate in this meeting please contact Jennifer Marteniez with the Arizona Department of Water Resources at (602)771-8426 or jkmarteniez@azwater.gov. Please make such requests as soon as possible to allow time to arrange the accommodation.
